AIM and SCOPE

Contemporary Pediatric Dentistry aims to serve as a forum for scientifically based information in pediatric dentistry, with the intention of continually expanding the knowledge base in this area. The journal aims to promote the highest standard of education, practice and research in paediatric dentistry world-wide.

The Contemporary Pediatric Dentistry's broad readership consists of pediatric dentists, dentists, and all academicians, researchers, specialists, and general practitioners interested in pediatric dentistry.

This journal provides an open-access forum for the exchange of information about contemporary, new, and significant research in pediatric dentistry throughout the world. The scope is therefore broad, ranging from original research articles, case reports, reviews, editorial comments, and letters to the editor within all aspects of pediatric dentistry including education, practice and research. The journal covers the all aspects of pediatric dentistry. Author Guidelines is declared at its website; <https://contemppediatrdent.org/author-guidelines/>
